FIRST WORDS

Publishing newspapers is not for the faint-hearted. There has hardly been one day in the last 23 years that we have not been reminded of that as we have worked tirelessly to establish the EWN Media Group into the respected and expanding company that it is today.

EWN publications are each week read by almost half a million expatriate and local readers throughout southern Spain and in Mallorca, making the company Europe’s largest free local newspaper in English. Despite stiff competition, a global recession, pandemic, plus the ongoing ramifications of Britain’s EU exit, our mandate throughout has been to better serve advertisers and readers while continuing to expand.

As marketing demands and readers’ lifestyles have changed EWN has passionately and constantly strived not only to keep pace but to lead the expectations of clients and the public both in print and online. This is in-built in the EWN DNA.

Demanded from each member of our professionally trained teams is our own personally tried, tested and trusted formula of hard work, traditional values and the premise that the customer is king and service is paramount. All clients are offered opportunities that can help expand and improve their businesses, with frequently significant levels of success.

Within the media world trust is often fragile, but award-winning EWN are constantly rated and recommended by international, national and leading local companies. Having moved into a new state-of-the-art headquarters on the Costa del Sol and with other strategically located offices, teams of multilingual staff personally serve discerning clients from the Costa Blanca regions down the Coast to Gibraltar, as well as inland regions and the Island of Mallorca.

We look forward to being able to serve you in the future. Plus our millions of online and Social Media readers and followers.

DO YOU WANT TO BE KING?

Across all six newspapers, website and social media each week by EWN, the daily edict is simple:
The customer is king.
Everyone from the owners and senior management through to the sales and marketing staff, design, production and editorial departments... each and every employee must strive to help provide the best possible service.
With packages personally tailored to suit clients - from major international advertising agencies to new one-owner businesses advertising for the first time - the aim is to simply showcase and promote products in the best possible way.

Over the 23-year lifespan of EWN, client expectations have increased as the company has grown in size and gained in strength throughout its ever-greater footprint area.
Ever-higher expectations, increasing challenges plus falling business levels during the global recession and pandemic have made all businesses put advertising expenditure under ever-closer scrutiny.

Advertising is rarely a truly tangible commodity. But it is an essential part of the business equation for those seeking ongoing and increasing success.
As Henry Ford remarked: "A man who stops advertising to save money is like a man who stops a clock to save time."

Whether in print, online or through social media, EWN offers advertising deals that provide exceptional exposure and value.
These can individually, through a combination of print, online, or with social media, reach millions of readers and followers.
You want to be KING?
Then include EWN Media in your marketing budgets!

DISTRIBUTION

Euro Weekly News, the largest English language publication in Spain, distributes 134,000 papers through more than 4,000 distribution points in carefully selected locations every week of the year. Making the EWN between 4 to 10 times larger than any other free English newspaper in Spain.

Come sun, rain, fiestas and holidays, the EWN is the paper of choice among the large number of the British and English-speaking expats who call various parts of Spain their home.
It may not be space science, but weaving such a truly successful and effective distribution web across the entire footprint area of the EWN six weekly editions is constantly work in progress.

But constant and ongoing fine tuning ensures that everyone among the English-language reading public - from British expats to the discerning Scandinavian ‘Snowbirds’ who call Spain their home, and from Spanish nationals to Russian expat residents - can easily find copies each week.
Statistics show that the EWN is the most avidly read English-language publication from Costa del Sol to the Costa Blanca North, from Mallorca to Axarquia...and of course additionally throughout Almeria and the Costa Blanca South.

This spells out that the readers are clearly happy, and in turn this makes the advertising clients happy, for they know their advertisements are being seen by the very people they want as customers.
The success of the EWN is purely on numbers. The more you print the more readers, the better response for our advertisers, the better response for advertisers, then more advertisers and the more advertisers the more copies we can print and so it goes on.

This is why the EWN is the largest, the strongest FREE english newspaper in Spain.
